

Douglas County Rural Water District #6
Meter Accessibility Policy

The owners and occupants of any premises where the district water is used and meter installed shall be responsible for keeping the water meter free and clear of all obstructions and shall see that the same is conveniently accessible at all times for the purpose of reading, inspecting and repairing the same. Meters shall be made accessible to District personnel at any and all times outside fences, free and clear of shrubs, brush, trees, any debris or foreign substance. Animals must be restrained from interfering with reading of the meter and inspection and repair by the district or its contractors. In the event of the violation, water shall be turned off immediately and shall not be reinstated until there has been compliance and all past due bills together with the "turn on" charge has been paid in full.

Adopted by the Board of Directors July 15th, 2025

Chair

Ed Daniels

Secretary/Treasurer

David Ross
